Munich, 15. Dezember 2021

Press Release

Appointment note

digitalBAU postponed to May/June 2022

digitalBAU 2022 in Cologne will be postponed from February to May 31–June 2, 2022. Messe München is thus responding to the increased demand from the industry for a later date in order to ensure optimal planning security for all participants. The floor plan and the extensive supporting program with five forums on topics such as robotics, artificial intelligence, building automation and digital construction sites will remain the same. The digitalBAU team is looking forward to meeting all customers and partners in person in the spring.

About digitalBAU

digitalBAU is the trade fair for digital products and solutions for the construction industry and covers the entire value chain from digital planning and construction to the operation of buildings. The trade fair is primarily aimed at planners, architects, engineers, construction companies and tradesmen. It is part of the BAU trade fair network and is organized jointly with the Federal Association of Construction Software (Bundesverband Bausoftware—BVBS) in the years between each BAU. digitalBAU 2020 attracted 270 exhibitors and around 10,000 visitors. The next digitalBAU will be held in Cologne from February 15 to 17, 2022.

Messe München

Messe München is one of the leading exhibition organizers worldwide with more than 50 of its own trade shows for capital goods, consumer goods and new technologies. Every year, a total of over 50,000 exhibitors and around three million visitors take part in more than 200 events at the exhibition center in Munich, at the ICM – Internationales Congress Center München and the MOC Veranstaltungszentrum München as well as abroad. Together with its subsidiary companies, Messe München organizes trade shows in China, India, Brazil, Russia, Turkey, South Africa, Nigeria, Vietnam and Iran. With a network of associated companies in Europe, Asia, Africa and South America as well as around 70 representations abroad for over 100 countries, Messe München has a global presence.

Partner of digitalBAU:

Federal Association of Construction Software [Bundesverband Bausoftware—BVBS]

Planning, construction, utilization—the right software helps to work in a structured way, avoid errors and comply with schedules and cost requirements over the entire life cycle of a building. Since the association's foundation in September 1993, its members, leading software and IT companies, have pursued one common goal: strengthening the efficiency and innovative power of the building industry by using construction software. Meanwhile, the association represents more than 90 companies (November 2018) with more than 250,000 users in the entire building industry. The members of the BVBS e. V. are software suppliers as well as IT service providers, and represent the areas of architecture, specialist planning, civil engineering, building construction, the manufacturing industries and IT services.
